Re: Docket No. 98N-1038

Dear People:

I am writing to you to express my strong belief that the FDA should NOT allow the sale of any irradiated food without clear labeling indicating that the food is irradiated.

I feel that any FDA approval of any product without clear labeling as to what is in the food violates my freedom of choice.

I thank you for your time and consideration and trust that if food is allowed to be irradiated, it will clearly be labeled.

Very truly yours,

WILLIAM J. GOLD, ESQ.

WG/sw
